SUMMER IN THE COUNTRY

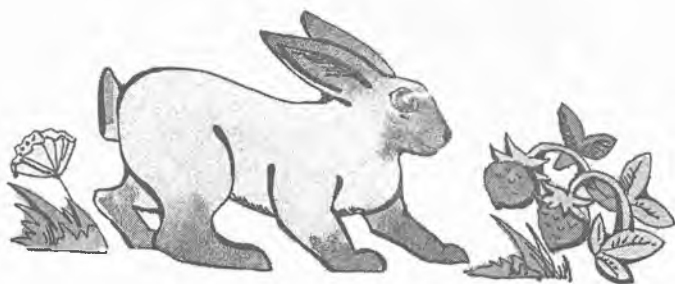

Vicky likes summer very much.

Sometimes Vicky goes to the country. Her Granny, her mother's mother, lives there. Vicky goes there by bus.

Granny's house is very nice. There is a big beautiful garden around the house. In summer there are many beetles, butterflies and bees in green grass in front of the Granny's house.

There is a nice lake not far from the house. There are a lot of fish in this lake. There is a big farm near the lake. There are many ducks and ducklings there. There are some hens and cocks in the yard.

There are many chickens there. They are so nice! A fat fluffy cat lives in the house. It is Pussy-Cat. A big black puppy lives in the Granny's yard. It's Jack. Vicky often goes to the wood with Jack. Sometimes they meet hedgehogs and rabbits. Jack chases rabbits every time! But he does not like hedgehogs.

Tell about your summer.
